

analytica conference 2026

Munich, March 25, 2026

Symposia Organized by the
Society of Toxicological and Forensic Chemistry
(Gesellschaft für Toxikologische und Forensische Chemie, GTFCh)
(Chair: Dirk K. Wissenbach, Jena, Germany)

analytica conference 2026 session 40:

Protein Analytics in Clinical & Forensic Toxicology

09:30	Harald John	Current progress in protein-adduct analysis for the verification of poisoning
10:10	Aline C. Vollmer	Tracing the progress of analytical strategies for detection of amatoxins in human biosamples
10:50	Hans Brabec	Insulin in forensic toxicology: Analytical advances and case insights

11:30 Lunch Break

analytica conference 2026 session 41:

Clinical Toxicology and Forensics beyond (classical) GC-MS and LC-MS

12:30	Gérard Hopfgartner	The impact of ion mobility spectrometry in the general screening and quantification of drugs and metabolites in plasma and urine
13:10	Peggy Kießling	cobas® Mass Spec – How does it work? An initial experience report.
13:50	Nicole Hüp	New applications and challenges for old techniques - Rapid analysis of old and new drugs by mobile devices -

14:30 Coffee Break

analytica conference 2026 session 42:

Designer Opioids - still an uprising threat -

15:00	Felix Bächle	The current opioid situation in Europe: Challenges for society and forensic science
15:40	Marthe Vandeputte	Exploring the pharmaco-toxicology of nitazenes: Insights and applications from bench to field
16:10	Benedikt Pulver	Case-based insights: Detection of designer opioids in postmortem toxicology

Chair address:**Priv.-Doz. Dr. Dirk K. Wissenbach**

Institute for Forensic Medicine, University Hospital of the Friedrich Schiller University
D-07747 Jena, Germany

Speakers' addresses**Prof. Dr. Harald John**

Bundeswehr Institute of Pharmacology and Toxicology
D-80937 Munich, Germany

Dr. Aline C. Vollmer

Institute / Department of Experimental and Clinical Pharmacology and Toxicology, Saarland University
D-66421 Homburg, Germany

Hans Brabec

Institute of Forensic Medicine, Department of Forensic Toxicology, Johannes Gutenberg University Medical Center
D-55131 Mainz, Germany

Prof. Dr. Gérard Hopfgartner

Life Sciences Mass Spectrometry, Department of Inorganic and Analytical Chemistry, University of Geneva,
CH-1211 Geneva, Switzerland

Peggy Kießling

Labor Berlin
D-13353 Berlin, Germany

Dr. Nicole Hüp

State Bureau of criminal investigation Nordrhein-Westfalen, Department 51.2
D-40221 Düsseldorf, Germany

Dr. Felix Bächle

State Bureau of criminal investigation Baden-Württemberg, Department 2 – FG 223 / Toxikologie
D-70372 Stuttgart, Germany

Dr. Marthe Vandeputte

Laboratory of Toxicology, Department of Bioanalysis, Ghent University
B-9000 Ghent, Belgium

Dr. Benedikt Pulver

Institute of Forensic Medicine, Forensic Toxicology, University of Freiburg
D-79104 Freiburg, Germany
